**COMMUNITY
FUNDING**

Application Form

Please complete this form as fully as possible, incomplete forms may cause delays in the decision on whether or not to sponsor a project.

*If you need any help with the form please contact
Marilyn Smith 01732 780999*

Our aim

Is to support local projects for the benefits of the local community.

There are four themes which we have as priorities for community development activity

1. Children and Young People

We recognise the importance of children and young people and want to encourage an environment where they can build on their potential and talents which will reflect positively on their neighbourhoods.

2. Safer and Stronger Communities

We will work with residents and partners to improve and develop a stronger sense of community so that people can take pride in where they live.

3. Economic Development and Environment

We aim to promote and enable economic activity and environmentally sustainable communities. We will provide opportunities for people to increase their knowledge and job skills. We will pursue environmental good practice in the management of green spaces and encourage residents to grow food and encourage wildlife through gardening.

4. Healthier Communities and Older People

We understand the link between housing and health and will promote good health in providing a strong and sustainable community. We will work alongside our partners to provide better access to preventative healthcare and will involve older people in the wider community.

Thank you for completing this form we will assess your application, using our scoring procedure, within 10 working days of receipt of your form and let you know the outcome.

If your application is successful we will apply to our finance department for the funds, this may take up to one month for them to complete and get the funds to you.

We will contact you once you have used the funds to assess what impact the award has had on your group / the community.
