

Want to improve where you live?

Find out about the Wherry N.I.C.E. Scheme!

### What is the Wherry N.I.C.E. Scheme?

N.I.C.E. stands for Neighbourhood Improvement for the Community and Environment. It exists because Wherry Housing Association is passionate about building sustainable, thriving communities to meet the aspirations of our tenants. To achieve this it is essential that we listen to our tenants. Therefore we have set aside an annual budget of £2,000 for each Patch Panel to enable improvements to be made in and around the areas where our tenants live.

### How do I qualify for the N.I.C.E Scheme?

Tenants are invited to make applications to receive a grant for improvements to their area. These improvements can be anything from notice boards for Resident's Associations and community notices, signage, litter bins, better lighting, benches & tables, or anything else that will make your environment a safer and better place to live.

### How do I make a bid?

Each application needs to be supported by at least three Wherry Housing tenants in the area. The application should include details of the improvements you would like, the reasons why, and how it will benefit the area as a whole. Each application will be submitted to the relevant Patch Panel and judged according to the conditions laid down by the Patch Panel.

### What do I do now?

Think about what improvements could be made to your estate that would benefit everyone.

Complete the enclosed N.I.C.E. Scheme application form and return to the Wherry Housing Association office.

That's all.....Good Luck.
